

## QUALITY POLICY

### INTRODUCTION

The EUROMED S.A. (hereinafter EUROMED) has the mission to develop, innovate, produce and market high quality standardised or purified plant extracts, guaranteeing their traceability to the pharmaceutical, nutritional supplement and cosmetic industries.

### PURPOSE

Quality is an essential factor in EUROMED's success. The aim of this policy is to achieve continuous improvement of EUROMED's Quality Management System and environmental performance, complying with the highest Quality standards. To achieve this goal, EUROMED's management is committed to these principles:

- To increase safety and stability in all manufacturing and product handling operations.
- To permanently promote the continuous training of staff.
- To increase efficiency in the operation of the company towards Competitive Quality, ensuring that products are manufactured in compliance with the relevant specifications and legal requirements.
- To improve systems for detecting non-conformities, so that they are detected at the earliest possible stage and appropriate measures are applied to prevent their recurrence.
- To ensure the health and safety of our customers by developing, innovating, manufacturing and marketing our products to the highest quality standards, such as GMP (Good Manufacturing Practices) requirements.
- The commitment to reach levels of development in the care of Environmental Quality, establishing a programme of environmental objectives and goals.
- Compliance with applicable legal and other requirements to which the organisation subscribes.
- Maintain the commitment to continuous improvement.
- To disseminate internally the content of the Quality Policy of EUROMED, displaying it in visible places at the disposal of the public or other interested parties who request it.

The policy is in line with the purpose and context of the organisation and, in this way, we will be able to fully meet the needs of our customers.

### SCOPE

This policy applies to employees of all EUROMED companies and is available on the employee portal and on the EUROMED website.

### RESPONSIBILITIES

The Quality Assurance Department will ensure compliance with this policy.
